LONDON, SEPTEMBER 8.

LORD North has asserted, it is said, that he could be able, and would undertake, to pay off ten millions of the national debt by the year 1774, provided he is permitted to hold a considerable direction in the department of finance during that period; and further also lay down the mode of triennially discharging ten millions, in all times of peace, till the whole is satisfied and paid off; when the said savings might, in future, be appropriated to other great national purposes.

SEPTEMBER 11.

Much opposition is expected to made to the government's measures in Ireland; such, indeed, we are informed by those who have lately arrived from thence, as will produce a total change of the ministry's plans concerning that place; or a dissolution of the Irish parliament.

Sir William Draper will, upon his return, have honours conferred on him, in consequence of the importance his account of the present state of America will be to the ministry, and which he went purposely to learn.

James Adair, Esq; and Watkin Lewis, Esq; both Barristers at Law, and Supporters of the Bill of Rights, are talked of as likely to succeed Robert Morris, Esq; in his office of Secretary, which he has lately resigned.

All his Majesty's dock-yards are to be inspected, by the proper commissioners, before the end of this month.

We hear that twelve silk men bought, the other day, of two great weavers in Spitalfields, and an opulent Jew, silk to the amount of 150,000 l. The price of that important article is advancing so fast, that it is thought they will clear before next Christmas at least 80,000 l.

SEPTEMBER 13.

A distinguished personage, who made a conspicuous figure in the opposition, during the last political campaign, has hinted to the premier, that he is willing to *shake hands* with him, upon *certain conditions*.

A great man, in the administration of public affairs, was lately asked, by a particular friend, why he did not promote merit, to which the great man pertinently answered, "Why! by G-d, because merit did not promote me."

There is nothing talked of in the city but a Spanish war, and the merchants, instead of being apprehensive of the consequences, labour to bring it about.

Several transports are taken up to carry troops and stores to Gibraltar, to relieve that garison; from which circumstance the Bulls and Bears propagated the report of a war, in order to make a prey of the ignorant and undiscerning. In consequence of this artful scheme, stocks have already fallen near four per cent.

A gentleman lately arrived from Italy reports, that the Earl of Bute attends mass abroad with great fervency and devotion.

It is said that a great number of noblemen and gentlemen, who are true friends to their country, will form themselves into a society before the meeting of an august assembly, to agree upon such matters as are proper for the consideration of the legislature.

It is said that a bill for a sumptuary law is intended to be brought into parliament next session, to prevent the farther growth of gaming, luxury, and licentiousness.

SEPTEMBER 15.

It is reported that the most coercive measures are adopted with regard to the colony of Massachusets Bay, one of which is said to be a resolution to remove all the courts of justice and public offices entirely from that province.

Every office in each state department is so loaded with remainder and reversionary grants, that if a new ministry were to be appointed, they would find scarcely any provision for their friends.

If there be a prospect of less business in the houses this year, on account of the conformity of some of the refractory colonies; yet, from the matters that are proposed to be agitated by the opposition, the ministry will find their hands pretty full.

A few days ago the Earl of Chatham paid a visit to the Right Hon. Mr. Grenville, at Wotton in Bucks.—It is certain, that a perfect unanimity subsists throughout all parts of the opposition.

It is a point fixed on, that Mr. Alderman Crosby will be Lord Mayor of this city next Michaelmas day, that gentleman never having swerved from acting and voting according to true constitutional principles.

It is said, that dispatches of importance, relative to the secret machinations of the French court, has been lately received from Gibraltar.

SEPTEMBER 18.

Many people think that France will soon declare war against Russia. And

That Spain will do the same against England.

The confederacy which France has formed on the continent is very powerful, and leaves us without any ally there.

Whenever France thinks proper to commence hostilities against England, the first blow it is apprehended will be in the East-Indies; and it is very probable, that the troops lately assembled at Mauritius, have by this time invaded Bengal.

It is supposed, that the French fleet, which lately sailed from Toulon, are gone after the Russian fleet, to prevent the latter's getting to Constantinople.

The Russians have gained private advice of the designs of the French court, and have all the reason possible to imagine, that their intention is to destroy the Russian fleet in the Archipelago.

A declaration of war by France against the Russians is every day expected. The Russian minister has already communicated the grounds of the suspicions of his court on that head, and requested, in the name of his mistress, our early assistance.

Six guard-ships are ordered to be stationed along the North-American coast.

SEPTEMBER 22.

Notwithstanding the great naval preparations, there are not wanting some who pretend to believe that we shall not have a war. By virtue of Great-Britain's treaty with Russia, they say, we are obliged to furnish that nation with a large fleet of ships when called upon, and give this as the reason of our present armaments. However, 14 men of war are all they pretend to demand, whereas there are already upwards of 30 ships of the line ordered to be got ready, besides frigates.

We hear that a great Personage has expressed his desire of Lord Camden's re-assuming the seals; but, it is said that his Lordship will not accept them, unless he is permitted to hold them for a certain time.

*Charles-Town, August 30, 1770.*

The General Committee acquaint the Public, That

# William Stukes,

## A NON-SUBSCRIBER,

*Opposite to Mr.* JACOB WARLEY, *Sadler, and Mr.* MICHAEL MUCKENFUSS, *in* KING-STREET,

Having been called upon by the Gentlemen appointed at the General Meeting of the Inhabitants, at LIBERTY-TREE, on the 24th Instant, they report, "That they have not only repre-"sented to him the odious Light in which his Conduct appeared "to the People, but also advised and admonished him; that "they went farther, and used Intreaties: But that he obstinately "and perversely refused to store or re-ship the four Hogsheads "of Loaf-Sugar lately imported by him."

It is worthy of Notice, that the said *William Stukes*, is the only Non-Subscriber in Trade, that has thus imported contrary to the Sense of the People, since the *Resolutions* were first entered into—*which* forbid all Dealings with him by Subscribers.

---

*Charles-Town, October 9th, 1770.*

AT a Meeting of the Inhabitants on Wednesday the 3d Instant, at the House of Messrs. *Dillon & Gray*, it was RESOLVED, That the Planters, Merchants, and all others concerned, be desired not to load or unload (from and after this Date) any Produce, Goods, Wares or Merchandize, or in any Manner whatever, make Use of the Wharves belonging to the Hon. Colonel BEALE, himself and his Wharfinger being NON-SUBSCRIBERS.—It is expected that all Subscribers to the Resolutions, will pay due Regard to this Notice.

---

THE GENERAL COMMITTEE desire the Subscribers to the *Resolutions* of the *Twenty-second of July*, 1769, to add to the List of Non-Subscribers, the name of *JOHN MILLS*, Wharfinger, on Colonel *Beale's* Wharf.

---

The GENERAL COMMITTEE

*Give this Notice to the PUBLIC, That*

# Philip Tidyman,

JEWELLER, in BROAD-STREET,

*A Subscriber to the GENERAL RESOLUTIONS,*

HATH been detected importing, in a secret and clandestine Manner, and in direct Violation of his solemn Engagement, several Cases of Plate, Jewels, and other Goods, to a considerable Value, by the *Union*, Captain *Coombes*, from LONDON: And having been called before the Committee, on Saturday the 27th Instant, to answer for the same, instead of making an ample and ingenuous Confession of his Crime, he obstinately denied the Fact, until confronted by Capt. *Coombes's* Mate, who declared he had delivered *three* Cases to Mr. *Tidyman* himself, more than were mentioned in the Ship's Manifest, or reported by the said *Tidyman* to the Committee. The said *Tidyman*, confronted with such Proof, promised to deliver up all his Invoices to the Committee; yet still endeavoured to conceal a considerable Part thereof; most of which has been since discovered, by Stealth of his original Invoices as he at different Times produced. The Committee however, are persuaded that the said *Tidyman* has concealed *one* of the Cases, which, probably, may be the most valuable: And as, in the whole of this Affair, he has been guilty of the most flagrant Falsehood and Deceit, even so far as to produce a fictitious Letter, pretending, that certain Articles contained in the *six* Cases reported in the Manifest, were sent him as a Present, from a Kinsman in England; which since appear, by his own Invoice, to contain Merchandize, shipped by his Order, and for his Accompt.—The Committee therefore, at an extra Meeting, on Monday the 29th Instant, required the Attendance of Mr. *Tidyman*, in order to advise him to discover and reship the Whole of the Goods, which he had so treacherously imported:—But he not attending then, or at a subsequent Meeting, and absolutely refusing to appear, the Committee think it their Duty to publish the said *PHILIP TIDYMAN*, as an audacious and incorrigible Violater of the General Resolutions, deserving the Contempt of every good Man; and it is expected that no Subscriber will, hereafter, have any Dealings with him, unless he shall make full Atonement for his late base and perfidious Behaviour.

*October 30th*, 1770.

---

The GENERAL COMMITTEE

**Give this public Notice,**

THAT Capt. WILLIAM COOMBES, of the Ship UNION, has, under his Hand, acknowledged the CLANDESTINE Receipt and Delivery of SEVERAL Packages of Goods, for PHILIP TIDYMAN, as advertised by them the 30th past; declared his utmost Concern and Sorrow for having thus IMPRUDENTLY controverted the RESOLUTIONS of the Inhabitants of this Province; and SOLEMNLY promised NEVER to be guilty of the like AGAIN.

He at the same Time, and in the same Manner, declared, That if he ever did report, in *London*, or elsewhere (as had been alledged) that he HAD DISPOSED of SEVERAL GOODS to the INHABITANTS of *Charles-Town*, and EVEN to SOME of the COMMITTEE, last Voyage, that he MUST have said it WANTONLY; and that he DID NOT SELL a SINGLE Article to ANY Member of the Committee.

He hath also further *promised*, That some GOODS and a NEGRO, NOW IMPORTED by him, shall be CARRIED BACK in the said Ship, on her present Voyage.

RUN AWAY from the Subscriber, in ST. THOMAS's Parish, on Monday the first Day of October last, A NEGRO MAN, named AGRIPPA, Carolina-born, and speaks very good English: He is a middle sized Fellow, of a yellowish Complexion, much pitted with the Small-Pox, thin Jaws, has lost some of his Teeth, his Hair grows very peeked over his Forehead, walks with his left Foot much out; he is near 40 Years old, and had on when he went away, an Osnabrugs Shirt, white Negro Cloth Jacket and Trowsers, with white Plate Buttons, and a Fearnought blue Great-Coat. He is well known both in Town and Country; and, as he has been in my Scooner for these Eighteen Years past, and always behaved himself extremely well, I have great Reason to believe that he has been persuaded away by some malicious Person. TEN POUNDS Currency, and all reasonable Charges, will be paid to any Person who will deliver the said Fellow to me, or to the Warden of the Work-House, in Charles-Town: But, if any Person or Persons can prove that the said Fellow is harboured, entertained, or employed by any white Person, such shall, on Conviction of the Offender, receive FIFTY POUNDS Reward; and if by a Negro FIVE POUNDS.——All Masters of Vessels, and others, are hereby cautioned not to carry him off the Province, at their Peril. ## WASTE PAPER,

TO BE SOLD, at the Printing-office in Broad-ſtreet.

SEPTEMBER 25.

We hear that all the companies of the several regiments, both horse and foot, are ordered to be completed by the last day of the next month at farthest.

Three regiments of foot are ordered on board the fleet as marines.

The Lords of the Admiralty have ordered 24 frigates to be put into commission.

Orders are given for twenty sail of transports to be ready on government contract.

SEPTEMBER 27.

It is certain that six sail of the line will go with the next Indian fleet to the coast of Africa.

By a gentleman just arrived from Marseilles, we learn that 18 ships of the line, and six frigates, sailed out of Toulon on the 7th instant.

The talk in the city now is greatly changed. The impending war is no longer dreaded, and stocks begin to rise.

SEPTEMBER 28.

A memorial was presented by Mr. Alderman Crosby, from a committee of the Livery of the city of London, praying that a committee of six Aldermen, and twelve Common-Council, might be appointed to that court to act in conjunction with them, and take into their further consideration the insult offered to the late worthy Lord Mayor, by the companies of Goldsmiths, Grocers, and Weavers, by refusing to obey his precept in not summoning the Liverymen of their respective companies, when ordered so to do, which was ordered to be printed, and a copy sent to every member of the court.

The commander of the Favourite sloop of war, from Port Egmont, since his arrival, has already been honoured with a personal conference with his Majesty.

SEPTEMBER 29.

It is reported with great confidence that the object of Capt. Gambier's commission is, to block up the harbour of Boston; and to suffer no vessel whatsoever to enter that port, until the trade of the Massachusetts is settled on a proper foundation.

We hear that orders are given for completing his Majesty's marine forces to the same compliment of men as in the last war.

The Sword of War, like the sword of Damocles, hangs, we are told, as it were by a horse-hair. The matter in dispute between us and Spain, it is said, stands thus: Falkland-Island is considered by the Ministry, as an object of no very great consequence, and which they can, at any time, easily re-possess themselves of; but the affront offered to the nation in taking it, is looked upon as the greatest. In resentment therefore for such an outrage to the law of nations, as well as to the last treaty of peace, a messenger has been sent to the Spaniards, to let them know, that they must immediately re-instate us in the possession of Falkland-Island, and make good all the damages done there; that they must also now pay directly, the Manilla ransom, without deduction or abatement; furthermore, that they must indemnify us, for the expence we are at in our present equipment, amounting, according to estimate, to 700,000 l. and make a proper apology for this scandalous infraction of peace, by their Ambassador, otherwise, that *War will be instantly declared.*—The public will doubtless be impatient to know how these terms are received by the haughty Spaniards.

It is said that some of the Ministry are entirely come into Lord Chatham's opinion, of immediately striking a blow.

Yesterday his Grace the Archbishop of Canterbury, had a long conference with his Majesty at St. James's.

Three privy councils are expected to be held next week; and several messengers are ordered to hold themselves in constant

ke is expected next week at Portsmouth, to ere, and from whence he is to proceed to

é des Affairs here visited the Spanish Am- twice yesterday——*to enquire after his health.*

This day a Common-hall was held at Guildhall, for the election of a Lord-Mayor for the year ensuing; when all the Aldermen below the chair, who had served the office of Sheriff, were severally put in nomination. The shew of hands were greatly in favour of Brass Crosby, Esq; and James Townsend, Esq; and they were therefore returned to the Court of Aldermen, who made choice of Mr. Crosby, as being the senior, and he was immediately declared duly elected.

A motion was made by Mr. Lovel, that the thanks of the Livery should be given to the two late patriotic Sheriffs Townsend and Sawbridge, for their upright and impartial conduct in the discharge of their office, which was carried in the affirmative, and ordered to be entered in the records. The thanks of the Hall were also given to the Committee of the Livery.

The new elected Lord-Mayor, and the late Sheriffs, each made a complimentary speech to the Livery on the occasion. After the election, the several Aldermen returned in procession to the Mansion-House to dinner, and the new-elected Lord-Mayor accompanied the present in the state-coach.

*Extract of a letter from Portsmouth, Sept. 28.*

"Orders came down by express this morning, for fitting out the eleven following ships with the greatest dispatch, viz.—Britannia, of 120 guns—Princess Amelia, 90—Essex, 64—Northumberland, 70—Thunder, 74—Warspite, 74—Worcester, 64—Modeste, 74—Pallas, 36—Venus, 36—Juno, 32.—Such yards, for the above ships, as are not ready, are ordered to be made by contract.

"This morning went out of harbour the Seaford frigate, Capt. Douglas; she is to carry Commodore Mackenzie to Jamaica."

The legality of impressing men, we are told, will certainly be brought to a hearing in the British parliament, by a patriotic member.

OCTOBER 2.

Her Royal Highness the Princess Dowager of Wales is expected in town the latter end of this week. Several of her Royal Highness's domesticks are already arrived.

Advices from Leghorn, received yesterday, mention that the Russian Squadron had battered, for five days, the fortification at the entrance of the Dardanelles, but that a violent storm had obliged them to retire.

The Minerva, of 32 guns, at Sheerness, is put into commission, and the command given to John Brooks, Esquire.

One would think it impossible, that a nation which pretends to be civilized, should take pleasure in murdering their fellow-creatures, under the pretence of converting them to the true religion; yet we are informed, by a Spanish Author, of credit, that his barbarous countrymen destroyed no less than 40 millions of the poor Americans in their conquest of Peru and Mexico.

A correspondent tells us, had the advice of the Earl of Chatham, grounded on the most just and proper motives, and owing to certain intelligence, been listened to in the year 1761, Spain had never dared to insult this country, by offering indignities to the British flag, and dispossessing us of the Falkland Island.

The support of a Brentford election, by the assistance of a gang of Russians, armed with bludgeons, the robbing the freeholders of Middlesex of their right of election, &c. were objects (says a correspondent) more precious in the eye of administration, than the most interesting points of national honour and dignity.

Sunday morning Lord Weymouth had the honour of a conference with his Majesty, at Richmond.

His Majesty's ship the Prince of Wales of 74 guns, at Plymouth, is put into commission, and the command of her given to Capt. Bodwell.

The Cerberus, of 28 guns, at Chatham, is put into commission, and the command of her given to Capt. Brisbane.

The politicians who frequent the Smyrna, are of opinion that, if Great-Britain goes to war, it will certainly be on account of something of greater importance than Falkland-Island, though the seizing of that is a great affront, and may be made the ostensible pretence for commencing hostilities.

The last letters from Boston assert, that tranquillity is perfectly restored in that quarter, and that a free trade is speedily expected to be opened.

OCTOBER 3.

The Russian squadron has taken eight vessels, escorted by four ships from Cairo, and richly laden with tribute from Syria and Egypt. Several more ships from the Ports of Asia and Africa, being ignorant of the destruction of the Ottoman fleet, have likewise fallen into the hands of the Russians. The contributions, which the Russians require of the conquered isles are immense. The isle of Metelin alone has already paid 150,000 piastres.

Letters from Dublin mention, that orders have been received there from England, for recruiting the land forces on that establishment to their full compliment of men.

It is said, orders have been sent to the commanding officers in the Mediterranean, to send a frigate to cruize off the harbour of Toulon, to watch the motions of the French there.

Lord Hillsborough, on Saturday last, at a Nobleman's table, publicly offered a wager of *One Thousand Guineas* to *Five Hundred*, we should not have a war, either with France or Spain, these six months.

A certain city officer, we are assured, has applied to Sir Fletcher Norton, for his advice on the present dilemma of his affairs; and that oracular mouth of the law has assured him, that the scent of the Citizens, though dull, is sure; that it will be difficult for him to keep them at *Bay* any longer, and that they will certainly *run him down* in the *race*—to avoid which he *must resign.*

OCTOBER 4.

A noble peer, of the first character and distinction, who is of the cabinet, and whose information is as good, and his experience in politics as great, as any man's in this kingdom, offered the other day, in a very public company, that if any one would lay him down an Hundred Guineas, he would give him a Thousand, if there was a war between us and Spain, or France, within the compass of two years.

Lord Camden came to town yesterday, from Camden place.

A letter received on Tuesday, by a merchant of this city, brought by the Elizabeth, Capt. Preswick, who is arrived in the river from Petersburg, gives the following account: That several line of battle ships, lately built upon a new construction, have taken in their stores for nine months, being destined for the Black Sea, and have got on board their compliment of men, amongst which are many Foreigners, who have entered volunteers, in hopes of sharing the spoils of the enemy.

We hear that the Premier continues to affirm, that matters may be accommodated with the court of Spain, without putting either nation to the expence of a war.

It is said that a certain city officer is determined not to resign, but to wait the issue of another court of common-council.

We hear that the Right Honourable Alderman has assured a certain City Officer, that if he is deprived of his present place, ample amends will be made him, by giving him a considerable post in a department at the West end of the town.

This morning his Excellency the Spanish Ambassador had a long conference with Lord Weymouth, on the subject of advices received from the court of Madrid.

*Extract of a letter from Portsmouth, October 3.*

"Arrived at St. Helen's, the Northern Eagle, a Russian frigate, and in the evening she sailed to join their fleet, which was out in the offing, with a fair wind.

"Came into harbour to dock, the Favourite sloop of war, Capt. Maltby. Sailed out of the harbour to Spithead, the St. Antonio, of 64 guns, Captain Gayton. The Ajax and Achilles are to go out to-morrow. We expect to have a fleet of 25 sail of the line at Spithead before this month is out, the ships fitting out at other ports being ordered hither."

BRISTOL, *Oct.* 2. The Lively frigate, Captain Fanshawe, is come here to procure sailors for his Majesty's service, and the magistrates and society of merchants of this city, in order to promote the public service, have this day voted a premium of Twenty Shillings, to every sailor that shall enter voluntarily with Captain Fanshawe, besides the bounty of Thirty Shillings allowed by government: This encourages the sailors to offer themselves freely, and the disagreeable service of impressing is avoided.

CHARLES-TOWN, NOVEMBER 22.

AT a full Meeting of the GENERAL COMMITTEE last Tuesday Evening, it was resolved, to call a *General Meeting*, at LIBERTY-TREE, on THURSDAY THE THIRTEENT OF NEXT MONTH, at *Nine o'Clock* in the Morning, of ALL the Inhabitants that can attend, who subscribed to the General Resolutions of the 22d of July, 1769; in order to consider and determine, whether *any*, and *what Alterations* in the said Resolutions may be necessary and expedient, in the present Circumstances of the Times; or, whether a new Sett should be adopted; and what Steps are most proper to be taken, that we may not be involved in *the general Disgrace of those Colonies*, who have shamefully deserted their *Non-Importation Agreements*, when they ought most firmly to have been adhered to, that Posterity may know *who are*, and *who are not*, chargeable with the Consequences——PRINTED ADVERTISEMENTS are accordingly ordered to be dispatched throughout the Province, for calling the said Meeting.

The Brigantine was seen again the next Day, as she had been left, lying too under her Fore-Sail.

On Sunday a Sloop from New-York, laden with Bricks for building the new Barracks at St. Augustine, and a Sloop from Rhode-Island for Georgia, Names not known, passed by this Bar.

This Day Mr. *Andrew Lord*, of this Town, Merchant, was married to Mrs. *Anne Gadsden*, Widow of *Thomas Gadsden*, Esquire.

His Majesty's Packet-Boat *Sandwich*, commanded by Capt. *Richard Nottingham*, is just arrived, with His Majesty's Mails from *Falmouth*, in 45 Days.

A most horrid Scene of Tumult, and Opposition to Government, accompanied with worse than Savage Inhumanity, has been lately exhibited in Orange-County, North-Carolina, by a Body of about Three Hundred lawless Banditti, stiling themselves Regulators; who, on the 25th of September last, entered the County Court-House at Hillsborough, almost killed all the Lawyers, put a total Stop to the Administration of Justice there, and laid the House of Col. Fanning, with all the Furniture therein, in Ruins. In Consequence whereof, His Excellency Governor Tryon thought proper, on the 16th of last Month to issue the following Proclamation, viz.

"*WHEREAS I have received Information that a great Number of outrageous and disorderly Persons, did tumultuously assemble themselves together, in the Town of* Hillsborough, *the 25th of last Month, during the Sitting of the Superior Court of Justice of that District, to oppose the just Measures of Government; and, in open Violation of the Laws of the Country, audaciously attacking His Majesty's Associate-Justices in the Execution of his Office, and barbarously beating and wounding several Persons, in and during the Sitting of said Court, and offering other enormous Indignities and Injuries to His Majesty's Government; committing the most wicked Outrages on the Persons and Properties of the said Town, drinking,* "Damnation to their lawful Sovereign, King GEORGE" *and* "Success to the Pretender." *To this End, therefore, that the Persons concerned in the said outrageous Acts, may be brought to Justice; I do, by the Advice and Consent of His Majesty's Council, issue this my Proclamation, hereby requiring and strictly enjoining all His Majesty's Justices of the Peace in this Government, to make diligent Inquiry into the above recited Crimes, and to receive the Deposition of any Person or Persons as shall appear before them to make Information of and concerning the same: Which Depositions are to be transmitted to me, in order to be laid before the General Assembly, at* Newbern, *on the 30th Day of* November *next, to which Time it stands prorogued, for the immediate Dispatch of Public Business.*"

The Boston Papers are full of Accounts of a terrible Storm that was felt throughout all the Sea-Coasts of New-England, on the 20th of last Month, whereby a great Deal of Damage was done to the Shipping, and along the Shore.
